FOR SUCCESSFUL IDEAS.

**DIVIDE
BY ZERO**

The ACIC-Kalasalingam Innovation Foundation is a Section 8 company established by Atal Innovation Mission, NITI Aayog, NewDelhi. The ACIC-KIF aims to help innovators & students to ideate, prototype, create, and commercialize ideas that help society in general and revitalize the industries in the Virudhunagar District: fireworks, printing, braiding, textiles, match works, & others. The ACIC-KIF will exploit the infrastructure at Kalasalingam Academy of Research & Education and mentorship across the education spectrum, International collaborations, and Industry connects for the benefit of innovators. The event will be used to fund innovative projects from ACIC-KIF and we will support ideas at all stages. We provide handholding, patenting, funding, mentoring, and infrastructure support. Committed to create innovations that bolster the economy of the country and to develop employment opportunities, the ideation would be used as a platform to identify innovative ideas.

Technology Focus of the Ideathon: Internet of Things, Embedded Systems, Real-time Systems, Cyber-Physical Systems (CPS), Artificial Intelligence, Deep-learning, Embedded Electronics, Industrial Automation, Industrial Software, Additive Manufacturing Technologies, Cyber Security, 5G, Opportunistic Sensing, mobile computing, Agri-tech, femtech, & other emerging areas.

Application domains: Local industries (printing, fireworks, Braiding, textiles, & others), Agriculture, Small and Medium Industry related products, Smart Cities, Smart Buildings, Transportation, Healthcare technologies, Food and Nutrients, Green Energy, Electric transportation, Software for industrial application and SMEs.
